SKILLS

Frontend: HTML, CSS ,JavaScript, React

Backend: Node.js, Express.js

Database: MongoDB, MySQL

PROJECTS

Wanderlust – Travel Stay Booking Platform

June 2025 - Aug 2025

- Developed a full-stack web application where users can explore, list, and book places to stay.
- Built using Node.js, Express.js, MongoDB, and EJS for server-side rendering.
- Implemented CRUD functionality for listings and reviews, with responsive design

Myntra Clone | React.js E-commerce Frontend

June 2025 - Aug 2025

- Built a responsive e-commerce app using React.js with a clean and modern user interface
- Integrated backend APIs to fetch and display dynamic product data in real time
- Implemented React Router and reusable components

Portfolio Website – Personal Web Portfolio

Jan 2025

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript.
- Showcases personal projects, skills, and achievements in a clean and professional layout.
- Implemented mobile-friendly design for better user experience across devices.
- Deployed the website on Netlify for fast and reliable hosting.

CERTIFICATIONS

- HTML Training (EduPyramids, SINE, IIT Bombay) – Completed with 92.5% score through an online exam at IFTM University
- MongoDB University – Certifications in MongoDB Basics, CRUD Operations, Schema Design, Aggregation Framework, and Indexes.

ACHIEVEMENTS

- Developed and deployed a full-stack project (Wanderlust) using Node.js, Express.js, and MongoDB.
- Built multiple responsive web applications using HTML, CSS, JavaScript, and React.
- Gained hands-on experience in frontend, backend, and database management through projects
